Emergency Pantry & Counseling

Families & Divorce Workshop

Neighborhood-based Services

- Youth Development Groups
- Parenting Workshops
- Parenting Skills Building Courses

Because of you, every day BETA Center makes a positive impact on children and families right here in our community!

In May, 21 young single mothers received their high school diploma, many of whom are first generation graduates. Many of these proud high school graduates have already been accepted to college, university and trade programs beginning this summer.

Families who find themselves in crisis situations visit our Center every day. Because of the financial support of our community, BETA is able to assist the neediest with food, diapers, formula and counseling. Your support is making an impact every day!

BETA Center's 8th Annual Diamonds & Denim Gala presented by Walt Disney World is one of the many ways we continue to help change behaviors. Since its inception, the gala has raised more than $750,000! We are gearing up for this year's event, a night filled with a packed agenda of fun… games, bidding, dancing and entertainment! The event is Saturday, August 25, 2012 at Disney's Coronado Springs Hotel.

This year we will be recognizing Mrs. Dolly Daniell and AON Hewitt with BETA Center's highest honor the BETA Center Family Impact Award.

Our hope is that you will support BETA Center by joining our partners as a sponsor for the event. Your investment plays a pivotal role in the lives of our teens as they transition into their most important role – motherhood. Please see the 2012 sponsorship offerings. Please call 407-398-6213 for details.

Thank you for your consideration!

With much appreciation,

Solange *Lisa*
